

When I first herd this Bill had passed I was over Joyed but when I found out some it flaws I had to make a stand .

I am not saying I agonist it I am just saying more changes need to be made . Like the 15 day waiting period before information gets put in the system and the manipulation with fake ids that can be used . Their was a similar bill HB 143 by REP. Domino

that would have less of chance of getting hacked into + less of chance being manipulated . I know something is better than nothing but I am in this to save lives and I don't think this is going to cut it .

so I am sorry if I offended anyone with be out spoken about this but I am not sorry for telling the truth.

This is not any organization opinion its my personal opinion . I will not sell out. I will not let my brothers death be in vein .

Heather Bell

I will continue my cause that has been laid in heart by God.

I will continue to bring the truth to table no matter who likes it.

A Prayer For God's Power

But as many as received him, to them gave he power. -John 1:12

God, help me to know that nothing can defeat me if I keep myself humbly in contact with You. Grant me the greatness of soul to confront my problems intelligently and courageously. For this I thank You. Amen.
